Background to the National Wool Declaration (NWD)

- ⊗ Information provided in the National Wool Declaration is the responsibility of the Owner/Manager.
- ⊗ The Owner/Manager **must sign** the Declaration.
- ⊗ By completing this Declaration, the Owner/Manager acknowledges that:
 - The Vendor's agent will catalogue the wool based on the statements you make, and buyers will in turn rely on those statements.
 - This Declaration may be subject to **random audit or inspection** as part of the NWD-Integrity Program.
- ⊗ **Note:** If either the DMFR or Mulesing Sections are left blank for any mob, then Not Declared will be applied to the lines of wool.

Guidelines for the Completion of National Wool Declaration (NWD)

- ⊗ Determine the order of shearing **prior to** completing the NWD. This should ensure that:
 - Mobs of a different Mulesing Status can be kept separate,
 - Mobs with a higher Dark and Medullated Fibre risk are shorn last, and/or
 - The wool from mobs with similar characteristics can be combined as required, especially; for example, oddment lines.
- ⊗ In the Mob Number column of the Classer's Specification, the **Woolclasser MUST list ALL Mob Numbers** used to make up each line of wool. This applies to both fleece and oddment lines.
